

Physiotherapy Unit

Shri Ram Chandra Vaidya Ayurveda Medical College and Hospital (SRVAMCH)

The Physiotherapy Unit (फिजियोथेरेपी कक्ष) at SRVAMCH is a dedicated rehabilitative facility focused on restoring mobility, reducing pain, and improving the overall quality of life of patients. The unit combines modern physiotherapy techniques with a patient-centered approach to deliver effective therapeutic and rehabilitative care. It is designed to support patients suffering from musculoskeletal disorders, sports injuries, post-operative rehabilitation needs, chronic pain conditions, and functional limitations.

Key Facilities & Advanced Therapeutic Equipment

- **Digital Short Wave Diathermy (SWD-500W):** Provides deep heat therapy for the management of joint pain, muscle spasms, stiffness, and inflammation.
- **Ultrasound Therapy Machine (Medilap Medisono-05):** Used for targeted treatment of soft tissue injuries, tendonitis, ligament strain, and localized swelling.
- **Exercise Therapy Station:** Equipped with a wall-mounted overhead pulley system to improve range of motion, flexibility, and muscular strength.
- **Diagnostic Support Facility:** Features a wall-mounted X-ray viewing box for accurate assessment and therapeutic planning.

Our Commitment

The Physiotherapy Unit at SRVAMCH is committed to delivering evidence-based rehabilitative care focused on faster recovery, enhanced mobility, pain relief, and long-term musculoskeletal wellness.
